

Creative and Lateral Thinking Unleashed (2 Days)

Details of the program

Date : 11th – 12th August 2020

Time : 9am – 5pm

Venue : Concorde Hotel, Kuala Lumpur

Fee : RM1,500.00

Overview

The purpose of this workshop is to explore the inner strengths and the 'keys' that switch an individual's mind to a heightened positive state. This is what we call the 'Positive mind' or 'Motivated mindset' which can be trained and developed accordingly.

This workshop would explore the practical concepts of what makes certain people 'tick' and why others don't. All motivation perspectives would be explored and experimented, and participants would be equipped with powerful tools (including NLP techniques) that would empower their mind and keep them focused & motivated towards the desired goal.

Lateral thinking is seen as disrupting an apparent thinking sequence and arriving at the solution from another angle. A new way of thinking that opens a new door that would normally be ignored by logical thinking (as advocated by Edward De Bono).
